Design-Build Project	Please respond with inquiries via Email.	HDR Architecture, Inc.				

We Are... Committed to Small Businesses

Swinerton Builders is committed to promote and increase participation of small business, small disadvantaged business, woman owned small business, veteran owned small business, service disabled veteran owned small business, historically underutilized zone business (SB, SDB, WOSB, VOSB, SDVOSB, HUBZONE BUSINESS) in all of their purchasing and contract business. We believe there are a number of benefits in doing business with SB, SDB, WOSB, VOSB, SDVOSB, HUBZONE companies, not only to help such firms achieve long-term success but also to enhance competition and provide real opportunity for these businesses who can make important contributions to our industry. For information regarding **Self-Certifications** and **Certification Programs** please visit the links below or call us. We are happy to assist you with this and discussing your options and future with Swinerton Builders.

Self Certification Business Concerns:

Small Business (SB):

<http://www.sba.gov/content/small-business-certification-0>

Small Disadvantaged Business (SDB):

http://archive.sba.gov/idc/groups/public/documents/sba_homepage/press_release_08_101.pdf

Veteran-Owned Small Business (VOSB)/Service-Disabled Veteran-Owned Small Business (SDVOSB):

Veteran Business Status Verification Instructions:

<http://www.vetbiz.gov>

<http://www.va.gov/OSDBU/veteran/verification.asp>

Self Certification Information:

There is no federal SDVOSB certification program. The service disabled veteran business owner self represents his or her service-disabled status and small business status in the contract representations and certifications. In order to place an offer on a Federal contract, the SDVOSB must be registered in the Government's Central Contractor Registration (CCR). Once the SBC is registered in CCR, and an offer is submitted on a Federal Contract, the SDVO SBC will need to fill out an "On-Line Representations and Certifications Application."
