

# Providing Sustainable Construction Services to our Government

**NASA Jet Propulsion Labs Flight Projects Center  
Pasadena, California**

**PJKK Federal Building and U.S. Courthouse  
Honolulu, Hawaii**

**Dining and Classroom Facility #1  
Lackland Airforce Base, San Antonio, Texas**

**Bureau of Indian Affairs II Regional Office  
Albuquerque, New Mexico**

*“Based upon our experiences to date, I would have to say that Swinerton has been a model General Contractor. They are fully on board with NASA’s intention to build an extremely high performance building that meets and exceeds LEED Platinum certification and are as invested in the ultimate success of the project as NASA.”*

**– Steve Zornetzer, Associate Center Director of NASA, Ames Research Center**

## Your Trusted Builder

Swinerton Government Services (SGS) successfully delivers sustainable large-scale complex design and construction projects and professional services to a diversified base of Government agencies.

We partner early with our clients to achieve the highest levels of quality, safety and client satisfaction. SGS combines innovative solutions and strategic capabilities; effective communications and intelligence; national resources and ingenuity to deliver our projects safer, faster and within budget.

We have the flexibility and resources to respond to our Government’s infrastructure needs by providing streamlined processes and integrated solutions to the design and construction of a wide range of facilities.

**Army Space Command Headquarters Building  
Peterson Air Force Base, Colorado**
