"Swinerton created a highly collaborative environment for the entire project team to ensure a safe and successful project which completed on time and within budget."

- Richard Canny, PE, California Institute of Technology

Delivering Solar Success

Swinerton Renewable Energy offers turn-key solar power solutions for utility scale and distributed generation projects. We have over three gigawatts of power generation and solar expertise, including the successful delivery of roof-mount, ground-mount and elevated shade-structures.

The Swinerton Advantage

Founded in 1888, we are a 100% employee-owned company with over \$1.25 billion in bonding capacity and an industry-leading safety record. We take pride in delivering solar projects on time and within budget to valued clients that demand exacting performance.

Kaiser Permanente
Santa Clara, California

Solar Services

We provide single-point project responsibility from start to finish. Our team is focused exclusively on building best-in-class solar systems that are cost-effective and will provide reliable, clean power for many years to come.

Our solar services include:

- Estimating and Feasibility Analysis
- Engineering
- Procurement
- Construction
- Operations and Maintenance

Printed on recycled paper/15% post consumer content. Balance comes from sustainable forests.
